

Last Dinner Meeting LY 23/24

Two things I keep putting off this week, writing my last newsletter and working in the backyard. I was headed to the backyard and remembered two things it was Thursday and the Mariners are on TV. So I am writing this with one eye on the computer and one on the TV. Lion President David Heath asked me in 2004 to write something up following the board meeting and send it out to members. We haven't had a newsletter then in several years. I accepted his challenge and have been doing so since. This will be my last newsletter. Coming up Wednesday, June 26 is our dinner meeting. Starting at 6:30 pm, bring a pot to share to the Naches Fire Station. Officers for 2024-25 will be installed and new summer service projects will be decided, like a car wash date.

First, First Saturday Litter Patrol

It was decided to start a litter pick up on the First Saturday of the month. So for July it will be July 6, meeting at the Depot at 9:00. What to bring, bags, water and Lions vest.

Picnic for July

A family picnic will replace the regular meeting in July. No business, no minutes and no agenda. Just plenty of good Lions fellowship. Location, time and what to bring will be announced.

Sportsman's Days

Sportsman's Days in September 6 and 7 at Depot Park. The planning committee will meet to measure the progress since the last meeting. We have 33 members and there are at least 33 ways you can serve. Committee chairs need to get their budgets in to Lion Treasurer John Strong.

Dues

Dues statements will be coming out soon. \$40 for the first half of 24-25. The best way to pay that is bring a check to the June dinner meeting.

Lion Summer Fun:

June 26 Dinner meeting 6:30 Fire Station
